Intu

Guest/Multipurpose

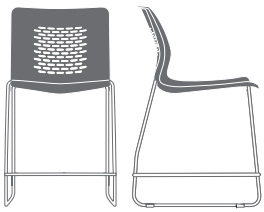

Intu was built for functionality and design at a practical price point. The clean, modern design creates versatility allowing this one-piece stack chair to stand out in any environment. The subtle flex, ergonomic curves, and aesthetic yet functional back perforations keep the occupant cool and comfortable. Intu is available with a standard plastic seat or with an upholstered seat pad. With the standard plastic chair stacking 35 high on a dolly, Intu becomes a simple choice that is efficient, elegant and stylish. Simply choose from our seven standard plastic colors (Sage, Battleship, Deep Blue, White, Sand, Slate, Black) or pick your own custom color.
